Available at Your Child's School

Extended Educational Care, EEC, is an extended day kindergarten program that allows kindergartners to remain in school for a full day.

EEC gives students the opportunity to:

- Review lessons from their regular classroom.
- Master the skills they will need to excel in elementary school.

Teachers have either a Bachelor's degree or 2-3 years direct experience.

Children who may struggle to keep up with class progress would benefit from EEC's additional instruction and reinforcement.
